WHY WE'RE GOING TO JAMAICA!

This mission is rooted in service — offering our time, energy, and creativity to support and stand alongside a community in need.

For the Community in Jamaica:

- Support with long-overdue school and church repairs
- Strengthened community spaces through collective effort
- A shared experience that reminds us we're all in this together

For Our Youth:

- A chance to contribute beyond their everyday surroundings
- Growth through teamwork, humility, and cultural exchange
- The opportunity to lead arts-based mentorship in storytelling, performance, and film

For Our Community in Steinbach:

- When our youth return, they bring back more than memories — they carry new perspectives, deeper empathy, and a drive to serve right here at home.

This isn't just a trip — it's a spark that strengthens our entire community!

FLIGHTS ARE BOOKED, BUT WE STILL NEED RESOURCES

What we still need are the resources to make the impact real once we arrive.

Your support will help us:

- Purchase building supplies for school and church repairs
- Provide art and media materials for creative youth workshops
- Cover daily meals and local transportation for volunteers
- Support basic needs that allow our team to serve with focus and care

Every donation — big or small — directly supports what we give while in Jamaica.
